ALL KEY INTERNATIONAL TRENDS IN MULTIMODAL TRANSPORT

MULTIMODAL TRANSPORT - 2020

I INTERNATIONAL EURASIAN CONFERENCE

20 MARCH 2020 · MOSCOW

MAIN TOPICS

✓ KEY WORLD TRENDS, CHANGES AND BEST INTERNATIONAL PRACTICES IN MULTIMODAL TRANSPORTATION DEVELOPMENT
✓ PLANNING OF MULTIMODAL TRANSPORT SYSTEMS
✓ INTELLIGENT MULTIMODAL TRANSPORT SYSTEMS
✓ INFRASTRUCTURE DESIGN FOR TRANSPORT HUBS AND MULTIMODAL TRANSPORT AND LOGISTICS CENTERS
✓ OPERATION OF MULTIMODAL TRANSPORT HUBS
✓ ARCHITECTURE OF SUSTAINABLE FINANCING OF MULTIMODAL TRANSPORT SYSTEMS
✓ MULTIMODAL CARGO TRANSPORTATION AND NEW LOGISTICS SOLUTIONS
✓ NEW TRENDS AND THE FUTURE OF URBAN MOBILITY

ORGANIZED BY

TSC
TRANSPORT STRATEGY CENTER

TITLE PARTNER

Sirena
Travel Commerce Platform

WITH SUPPORT AND PARTICIPATION OF

CONFERENCE IN FIGURES

200+ DELEGATES
80+ RELEVANT TOPICS
12+ HOURS OF BUSINESS COMMUNICATION
7+ WORKSHOPS

TITLE MEDIA SPONSOR

Транспорт России

Organizing Committee: e-mail: events@transport-strategy.org, tel.: +7 (499) 322.33.53 (multichannel)
REGISTRATION AT TRANSPORT-STRATEGY.ORG/MULTIMODAL_TRANSPORT_2020

MULTIMODAL TRANSPORT - 2020

Invited to participate in the Conference:

20 March 2020 · Renaissance Moscow Monarch Centre

INVITED TO PARTICIPATE IN THE CONFERENCE:

- Council of Federation of the Federal Assembly of the Russian Federation
- Federal Executive Authorities
- Scientific Centre of Complex Transport Problems of the Ministry of Transport of the Russian Federation
- Transport Clearing House
- Russian Railways
- Moscow Central Circle (MSC)

AUDIENCE:

- Heads of multimodal providers
- Heads of railway companies and bus fleets
- Heads of airlines and airports
- Top management of international and Russian transport and logistics companies, forwarding companies
- Directors of commerce, strategic development of transport companies
- Representatives of investment companies, leading banks, insurers
- Representatives of leading IT solutions providers for multimodal transport
- Representatives of federal legislative and executive authorities
- Heads of regional development corporations
- Representatives of regional authorities in charge of transport infrastructure development
- Representatives of suppliers of equipment for transport hubs
- Heads and experts of design organizations
- Heads of industry associations

Organizing Committee: E events@transport-strategy.org T +7 (499) 322.33.53 (multichannel)
### Conference Agenda

**20 March 2020**

**09:00**  
Registration and morning coffee

**10:00**  
Opening of the Conference

**10:10**  
Day session

**11:20**  
Coffee break

**13:30**  
Lunch

**13:30**  
Workshops, roundtable

**16:20**  
Workshop and master-class

**16:00**  
Coffee break

**18:30**  
Summarizing of the Conference

---

**10:00 – 10.10**

Welcome speech by honorable guests, organizers and partners of the Conference

**10:10 – 13.00**

#### SESSION 1  
**PLENARY SESSION**

- Key global trends, best international practices and changes in multimodal transportation development
- Prospects for multimodality development in the territory of the Eurasian Economic Union (EEU) and the Commonwealth of Independent States (CIS)
- Relevant issues in multimodal transportation development in the Russian Federation
- Legal regulation of multimodal transport
- Development of transit potential in the Eurasian region using multimodal transport hubs
- Development of transit potential of the Russian Federation through the creation of multimodal transport hubs
- Multimodality and intermodality in the era of revision of the transport paradigm
- International transport corridors and the multimodality impact on their formation and development
- Formation of global leaders through the development of multimodal transport hubs at the crossings of international transport corridors

---

**ABOUT THE CONFERENCE**

- **INTERNATIONAL PRACTICAL EXPERIENCE**
- **FOREIGN AND RUSSIAN EXPERTS**
- **200+ DELEGATES**
- **80+ RELEVANT TOPICS**
- **BUSINESS MEETINGS AND NEGOTIATIONS**
- **WORKSHOPS AND MASTER-CLASSES**
- **12+ HOURS OF EFFICIENT COMMUNICATION**

**Renaissance Moscow Monarch Centre**

---

Organizing Committee: E events@transport-strategy.org T +7 (499) 322.33.53 (multichannel)
11:20 – 11:40 Coffee break
11:40 – 13:00

SESSION 2  PLANNING OF MULTIMODAL TRANSPORT SYSTEMS

Principles of creation multimodal transport systems
Best international practices of developing multimodal transport hubs (MTH)
Deal structuring in the formation of the MTH projects
Key technologies of the MTH zoning
Integration of competitive types of transport in one transport hub

13:30 - 14:30 Lunch
14:30 – 15:30

SESSION 3  INTELLIGENT MULTIMODAL TRANSPORT SYSTEMS

Innovative technologies and digitalization opportunities for multimodal transportation
Analysing the data of informing municipal and regional authorities in planning
Big Data in development and operation of multimodal transport systems
How apps can increase the automobile load factor
How the use of modern information systems increases the revenue load factor of containers in cargo transportation
Organization of service sales for multimodal transportation

15:30 – 16:30

SPECIAL REPORT

INFRASTRUCTURE DESIGN FOR TRANSPORT HUBS (TH) AND MULTIMODAL TRANSPORT AND LOGISTICS CENTERS (TLC)

✓ Features and modern approaches to infrastructure design for THs and multimodal TLCs
✓ Consideration of international trends in design and construction of THs and multimodal TLCs
Modern technologies and IT solutions used in design, construction and reconstruction of THs and multimodal TLCs

Practical methods for creating modern THs and multimodal TLCs

16:30 - 16:45 Coffee break

16:45 - 18:00

SESSION 4 OPERATION OF MULTIMODAL TRANSPORT HUBS

Best world practices in operating multimodal transport hubs

Ensuring security of multimodal transport hubs

Organization of servicing and paid services for passengers at multimodal transport hubs

Simplification of procedures and formalities for passengers

Planning of the passenger flow and installation of visual navigation equipment within the MTH

Reducing operation expenses for the MTH maintenance

ARCHITECTURE OF SUSTAINABLE FINANCING OF MULTIMODAL TRANSPORT SYSTEMS

Creation of modern financially sustainable multimodal transport hubs

Best practices in preparing investment projects for multimodal transport hubs

Using the tools of special economic zones (SEZ) and other tools to improve the financial sustainability and investment appeal of multimodal transport hubs

Optimal PPP schemes for structuring multimodal transport hub projects

Practice of financial and economic modelling for the MTH justification

17:00 – 18:30
SESSION 5 MULTIMODAL CARGO TRANSPORTATION AND NEW LOGISTICS SOLUTIONS

Expansion of international transport routes connecting Europe and Asia
Railway and port communications in ensuring the efficiency of multimodal cargo transportation and logistics
Sea ports in Russia, Asia and Europe and the development of multimodal transportation
New Silk Road and the development of intermodal transportation
Agreements and conventions governing intermodal international cargo transportation
Innovation in the creation of logistics chains in intermodal transportation
Multimodal transport hubs as a component in ensuring competitiveness of international transport corridors
Crossing of transport corridors
Impact of road infrastructure investments on cargo transportation
Consideration of development trends in unmanned cargo systems during the formation of multimodal transport hubs

SESSION 6 NEW TRENDS AND THE FUTURE OF URBAN MOBILITY

Consideration of current and future trends in urban mobility for the MTH formation, zoning and reservation of territories
Intercepting parking as an efficient method of relieving transport systems in the city
Unmanned automobile transport and forecasts of its use in the Eurasian space
Unmanned passenger transportation as a mean of increasing safety and developing urban air transportation technology
Trends of multimodal transport hubs and the transport hubs of the future

18.30 Summarizing of the Conference

TOUR FOR PROFESSIONALS

The framework of the Conference includes a special offsite event with a visit to a modern transport interchange hub in the city of Moscow

Organizing Committee: E events@transport-strategy.org T +7 (499) 322.33.53 (multichannel)
Audience of the Conference

Heads of multimodal solutions providers and infrastructure operators, railway companies, airlines and airports; heads of bus fleets; top management of international and Russian transport, transport and logistics, and transport and shipping companies; heads of regional development corporations; as well as commerce and strategic development directors of transport companies

Representatives of investment companies, leading banks, funds, insurance companies, as well as representatives of leading companies in the field of IT solutions for multimodal transport

Representatives of federal legislative and executive authorities, representatives of regional authorities in charge of development of transport infrastructure, and representatives of industry associations

Representatives of suppliers of equipment for transport hubs, and design organization

Exhibition

The Conference will host a showcase exhibition of innovative projects in transport infrastructure for passenger and cargo transportation, new technologies and solutions, innovative materials, modern machinery and equipment used in the design, construction, reconstruction and operation of transport interchange hubs

Terms of delegate participation

<table>
<thead>
<tr>
<th>Time of payment</th>
<th>If paid before 16 February 2020</th>
<th>If paid after 16 February 2020</th>
</tr>
</thead>
<tbody>
<tr>
<td>Delegates</td>
<td></td>
<td></td>
</tr>
<tr>
<td>Transport companies and multimodal transportation companies</td>
<td>1 delegate</td>
<td>279 Euro</td>
</tr>

Beneficial participation terms apply for representatives of industry associations, regional authorities, budget scientific and educational organizations.

Special participation terms apply for federal and regional authorities.

Also special participation terms apply for partners of the Transport Strategy Center (TSC) and AVIACENTER.
The Transport Strategy Center (TSC) is a consortium of leading research and consulting groups specializing in strategic and innovative transport planning.

The competencies of the TSC include strategies for transport development of regions and countries, macroregions, individual enterprises of the transport industry (all modes of transport); innovative multimodal solutions; pre-project analysis of the transport infrastructure; financial and economic feasibility study of transport projects; and public-private partnership projects.

Other expertise of the TSC cover innovative IT-solutions for transport, unmanned transport, related industries - tourism, transport engineering, development of territories and a number of other areas.

In order to provide the enterprises with knowledge of the best industry practices and to improve the regulatory framework, the TSC organizes international forums, conferences and seminars.
