

4th World Congress on Medicinal Plants and Natural Products Research

August 08-09,
2018
Osaka, Japan

Theme:
New Frontiers in Transforming
future of Medicinal Plants

Conference Series welcomes you to attend the 4th World Congress on Medicinal Plants and Natural Products Research, which is going to be held in Osaka, Japan during August 08-09, 2018.

We cordially invite all the participants who are interested in sharing their knowledge and research in the arena of Medicinal Plants and Natural Products research

Medicinal Plants 2018 anticipates more than 200 participants around the globe with thought provoking Keynote lectures, Oral Presentations and Poster Presentations. The attending delegates include Editorial Board Members of related International Journals.

This is an excellent opportunity for the delegates from Universities and Institutes to interact with the world class Scientists.

The intending participants can confirm their participation by registering for the conference along with your colleagues. Avail the delegate early bird offer.

The main theme of the conference is "New Frontiers in Transforming future of Medicinal Plants".

Regards,
Medicinal Plants 2018
Operating Committee

Medicinal Plants 2018

- Opportunity to attend the presentations delivered by eminent scientists from all over the world
- Selected contributions will be published in following Conference Series Journals
 - Medicinal & Aromatic Plants
 - Journal of Pharmacognosy & Natural Products
 - Natural Products Chemistry & Research
- Participation in sessions on specific topics on which the conference is expected to achieve progress
- Global networking: In transferring and exchanging Ideas
- Share your excitement in promoting your skills in the field of designing
- Conference brings together Scientific Researchers, Business Entrepreneurs and Industry Developers

International Journals

- 900 Open Access Journals
- 21 Day rapid review process
- 30000 Editorial team, 35000 Reviewers team
- 3.5 Million readers and high visibility
- More than 100000 
- Publication immediately after acceptance
- Quality and quick editorial, review processing

Key features

- User friendly/feasible website translation of your paper to 50 world's leading languages
- Enhanced feature: Audio version of published paper
- Digital articles to share and explore
- Sharing option: Social networking enabled
- Authors, reviewers and editors are provided with scientific credits

Conference Series Conferences

- 1000 Conferences all over the World every year
- Well organized scientific program
- Renowned speakers and scientists across the globe
- Poster presentations and world class exhibits
- Panel discussions and interactive sessions
- B2B meetings
- Perfect platform for Global Networking

Key features

- Presentation by renowned speakers from all over the world
- Poster presentations and world class exhibits
- Interactive Sessions
- Platform for global networking
- Connecting scientific community

Osaka is the second largest city in Japan. It is the capital city of Osaka Prefecture and the largest part of the Keihanshin Metropolitan Area, the second biggest metropolitan region in Japan and among the largest on the planet more than 19 million inhabitants. Osaka is the second biggest city in Japan by daytime populace after Tokyo's 23 wards and the third biggest city by evening time populace after Tokyo's 23 wards and Yokohama, filling in as a noteworthy financial center for the nation. A significant part of the development brought about increment in specialist efficiency. This higher efficiency was expected mostly due to: expanded capital per laborer, progress in innovation, a highly educated and talented work constrain, steady government strategies and a decent world exchange condition.

With a populace of 127 million, a quickly maturing society, high per capita wage, and a future rate of more than 80 years, Japan represents a tremendous market for medical device manufacturers hoping to extend deals in Asia. The medical device advertises measure is evaluated at \$31 billion, and it is anticipated to keep up a relentless yearly development rate of 3% as the Japanese populace continues to age. Japanese residents still enjoy very long lives and a first class healthcare system, medicine represents a significant challenge for researchers and specialists.

Important Dates

Abstract submission opens: October 03, 2017

Registration opens: October 03, 2017

Early bird registration: March 26, 2018

On spot registration: August 08, 2018

Venue

Osaka, Japan
