

Metromest

International Conference on
Industrial Dimensional Metrology

Bilbao - Spain

www.metromeet.org

> *What's in it for you*

There is only one place where the Industrial Dimensional Metrology professionals meet: **Metromeet**.

Sponsored by Zeiss, Innovalia, Renishaw, Faro and Creaform, Metromeet has become a place where the professionals from the field meet, discuss topics and discover new technology.

Innovation

An exclusive networking exhibition hall where the new digital & optical developments, the newest working methods and formulas that improve your industrial process and high-quality tête-à-tête, will be held. You only have to provide the conversation!

Improved Conference

Every year we listen and learn how to make the attendee experience better and more engaging so sponsors get the best exposure possible. This year, the design has been improved to constitute a forum for debate on metrology and its development.

Daily MetroLabs

During the coffee breaks, we organize special presentations called MetroLabs, in which every exhibitor can expose its latest products.

Network

Metromeet gathers +100 Quality Management Professionals per year. Discover the real needs and concerns of your potential customers. Meet your future clients in person and build a relationship with them.

> *Previous editions*

Our Conference features talks from international leaders in the Industrial Dimensional Metrology sector on how to improve product quality and production efficiency.

Previous Metromeet editions had attendees from:

Zeiss (DE)	Airbus (FR)	NPL (UK)
Whirpool (IT)	Caterpillar (USA)	K.U.Leuven (BL)
Missler Software (FR)	TU Ilmenau (DE)	NASA Goddard Space Flight Center (USA)
I4-Tekniker (ES)	Mitutoyo (JP)	Geomagic GmbH (DE)
Autodesk (UK)	WZL RWTH-Aachen (DE)	GE Sensing & Inspection Technologies GmbH (DE)
Capvidia (USA)	PTB (DE)	Datapixel (ES)
Novo Nordisk (DN)	Renishaw (ES)	Awaiba, Lda (PT)
Mercedes-Benz (DE)	Daimler Chrysler (ES)	Jansen (DE)
Matrici (ES)	Volkswagen (DE)	Mitutoyo (NL)
UPV- Public University of the Basque Country (ES)	Lamborghini (IT)	ICTAS (USA)
University of Nottingham (UK)	NASA Ames Research Center (USA)	NIST (USA)
National Institute of Metrology (RU)	Space Nanotechnology Laboratory (USA)	RWTH Aachen (DE)

>> *Nationalities*

>> *Topics*

97% of the attendees repeat the Metromeet experience

Covered in +15 national magazines

+ 10 international magazines

> Bilbao

Bilbao is a city with a strong industrial heritage that has been transformed into a modern, engaging and attractive city that features architectural highlights that include the Euskalduna Conference Centre (where METROMEET will be held), the Guggenheim Museum (Frank Gehry), the Calatrava airport, and the Metro designed by Norman Foster, as well as some Isozaki projects. These are examples of the vitality of the new Bilbao, a city in which tradition and modernity converge.

Bilbao is also home to the best of Basque cuisine and gastronomy, renowned for the quality of its produce and the skills of its expert chefs, providing easy access to great restaurants and menus for all tastes. The famous pintxos may also be tasted in traditional areas such as Casco Viejo and "Pozas".

So why not combine your visit to METROMEET, a unique and first class conference, with an enjoyable break in Bilbao, a warm, vibrant and friendly city, with a rich culture and fantastic gastronomy.
